A not-for-profit technical and professional organization, the Society of Fire Protection Engineers (SFPE) is the international clearing house for fire protection engineering information. The Society's goals are to advance the art and science of fire protection engineering and its allied fields, to maintain high ethical standards among its members, and to foster fire protection engineering education. The purpose of our meetings is to disseminate fire protection and prevention information to Chapter members. The views, opinions and information presented by the speaker or others do not necessarily reflect those of the SFPE and its members or the Michigan Chapter and its members.

For future speaking opportunities contact: David Petrucci / 517-304-8873 / [dpetrucci@sebench.com](mailto:dpetrucci@sebench.com)  
SFPE-MI 1<sup>st</sup> Vice President / Program Chairman
